

Books and Supply Policy

Students who have enrolled and have accepted financial aid on Campus Connection for the upcoming semester will be allowed to charge books and supplies at the WSC Bookstore or through the bookstore website. Dates and deadlines will be adhered to during this charge period. Students may "opt out" of this option to charge books and supplies at the WSC Bookstore by purchasing books and supplies elsewhere utilizing their own resources.

Students who have not completed verification will not be allowed to charge books against their student account.

Students who charge books and supplies and do not receive enough total financial aid to pay the full amount of the charges due to WSC for the semester, must pay any remaining balance by the standard fee payment deadline each semester.
